**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (currently amended). A non-woven material comprising
  - a) a web of fibers; and
  - b) an aqueous emulsion binder comprising a water-dispersible polymer which is non-dispersible in aqueous solutions containing 0.5 weight percent or more of an inorganic salt, wherein said water-dispersible polymer comprises from 1 to 100 percent by weight of a hydrophilic monomer and from 0 to 99 percent by weight of at least one non-hydrophilic monomer, wherein a film formed from said polymer has a Tg of from -40 to +105°C, and wherein the water-dispersible polymers are dispersible without the addition of any additives.
2. (original). The non-woven material of claim 1 wherein said fibers have a length of less than 5 cm.
3. (original). The non-woven material of claim 1 wherein said fibers have a length of less than 2 cm.
4. (original). The non-woven material of claim 1 comprising 50 to 98 percent by weight of fibers.
5. (original). The non-woven material of claim 1 comprising 70 to 85 percent by weight of fibers.
6. (original). The non-woven material of claim 1 wherein said material has a binder add-on of from 2 to 50 percent by weight.
7. (original). The non-woven material of claim 1 wherein said material has a wet tensile strength in 3 percent aqueous inorganic salt solution of at least 100 g/in, and a wet tensile strength in tap water of at least 40 g/in.
8. (original). The non-woven material of claim 1 wherein said binder further comprises at least one component selected from the group consisting of plasticizers, tackifiers, fillers,
